New Members, Chairman Selected for ETAAC

IR-2009-102, Nov. 9, 2009

WASHINGTON — The Internal Revenue Service announced the selection of four new members and a Chairman for the Electronic Tax Administration Advisory Committee (ETAAC). The Treasury Department and the IRS Commissioner have approved the new members to serve a three-year term beginning October 2009 and ending October 2012.

The group serves as a public forum for discussion of electronic tax administration issues and supports the goal of increasing electronic interactions between tax professionals and the IRS.

“IRS is pleased with the continued support of the ETAAC,” said David R. Williams, director, IRS Electronic Tax Administration and Refundable Credits. “ETAAC supports the goal of electronic tax administration by encouraging taxpayers to transact and communicate electronically with the IRS.”

The new members will replace the outgoing members whose terms expired and will ensure continuity of the committee. The new members are:
